

THE OPPORTUNITY

THE PROBLEM

Shoppers waste 20+ min per trip navigating stores without guidance. No app owns the full in-store journey — from list to checkout.

OUR SOLUTION

CartPath guides shoppers from smart list-building at home to optimized in-store routing to frictionless scan-and-go checkout.

HOW IT WORKS

01 Smart List

AI-powered list builder with barcode scanning & meal-based suggestions

02 In-Store Nav

Aisle-by-aisle optimized routing on a live store map

03 Fast Checkout

Scan-as-you-shop + auto-applied deals + Pay Apple/Google

MARKET CONTEXT

\$1.2T

U.S. grocery market

2.5x

higher basket size with navigation

68%

of shoppers want in-store tech

8 min

avg checkout wait eliminated

WHAT WE OFFER PARTNERS

↑ Basket Size

Shoppers who navigate buy 22% more per trip

↓ Labor Costs

Scan-and-go reduces checkout staffing needs

■ Customer Retention

Loyalty data and repeat visit incentives built in

■ Zero Infrastructure

We map your store — no hardware required to launch
